

June 24, 2004

WEST VIRGINIA BULLETIN NO: WV330-4-5

SUBJECT: MGT – 2004 Food Security Act Status Reviews

Purpose: To transmit the 2004 National Food Security Act Status Review Tract List and instructions for completing the Status Reviews.

Expiration Date: November 30, 2004

ACTION REQUIRED BY: November 1, 2004

The Food Security Act (FSA) Status Review process is web based for 2004. You can access the program from the My.NRCS website by clicking on the Accountability tab at the top of the page and then in the right hand column clicking on the link for "FSA Compliance Reviews" under the Integrated Accountability System header. A copy of the Compliance Review Users Guide can be printed from the Help screen. A link to the National Food Security Act Manual (NFSAM) is also provided from the Help screen. Policy regarding FSA Compliance Reviews is found in Part 518 of the NFSAM.

A list of tracts selected for a FSA Status Review is attached. Each DC will provide the status review tract list to the Farm Service Agency who will review the list and add a sufficient number of FSA-Farm Credit borrowers who are cropping HEL so that 5 percent of FSA-Farm Credit borrowers will receive status reviews.

A CD is being mailed under separate cover to each office that includes a copy of a training presentation on why we conduct FSA Status Reviews and how to access and use this application.

If there are any questions concerning the tract list or Web application, contact Herb Andrick at 284-7560. Policy and/or program related questions or concerns should be directed to Jim Piper at 284-7543.

/s/ Charlotte Wertz, Acting for

LILLIAN V. WOODS
State Conservationist
